

## From a New Beginning to a Future Path

Ms. Pun Manishka moved from Nepal to Hong Kong in 2019 and proceeded to F.4 and completed DSE public exam. After completing her DSE, Manishka met a Nepalese staff from Yau Tsim Mong Family Education and Support Centre and was introduced to different activities and volunteering at the Centre. As Manishka grew up in Nepal and faced the language barrier that limited her choices in further education and job search, she is grateful to the Centre for introducing her to various services, building a social network and planning her personal development.

Manishka is currently attending the Foundation Certificate in Western Assistant Chef programme of the Employees Retraining Board. Meanwhile, she will study the Diploma in Early Childhood Education programme in September.

Manishka's journey as a newcomer in Hong Kong to explore her future development is truly inspiring. We are proud to have played a part in her transformation, and we look forward to continuing to accompany her through the different challenges she will face.

It is encouraging to see how she has changed from being a new arrival to starting to find her own way forward, and we are happy to have played a role in her transformation and look forward to continuing to accompany her through the different challenges she will face.
